## Executive summary

This document refers to the organization of the Editorial Working Group Board according to the management structure and procedures specified in the project, the attributions and responsibilities of this operational body and its role in accomplishing the objectives of WP5 - Improving the quality of Scientific Writing Research publication (WP Leader – USAL).

## Overview on the goal and main objectives of WP5

The goal of WP5 is improving the quality of scientific papers from TUIASI by improving the scientific writing of the early stage researchers of TUIASI.

The main objectives of WP5 are:

- To improve the quality of scientific papers and presentations from TUIASI
- To increase the number of papers published by TUIASI in high impact journals
- To raise a total citation index of papers published by TUIASI researchers.

## Editorial Working Group Board – structure, attributions and responsibilities

This committee is formed by at least one member from each partner, nominated in the BrainTwin Kick-off Meeting, on 24<sup>th</sup> September 2020 and confirmed in the 1<sup>st</sup> Steering Committee Meeting, on 21<sup>st</sup> October 2020.

The Editorial Working Group Board:

- Selects the best manuscripts produced in the TUIASI for their improvement by top level international experts
- Coordinates the development of selected studies to bring them to the level necessary for publication in the high rank peer-reviewed journals.
- Ensures creation of an international dissemination platform for journal “Bulletin of the Polytechnic Institute of Iasi” to increase the impact factor of this journal and to increase the citation of the papers originated from TUIASI.

The Editorial Working Group Board:

- Meets during the Annual Consortium meetings to make plans for the next year
- Meets via Skype once every three months to discuss ongoing problems.
